CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it causing cramping and nausea. If you feel illious, headachy, constipated and all knocked out just go to your drugist and get a 50 cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and unsteady tomorrow; besides, it may saviatate you while if you take Dodson's Liver Tonic you will wake up feeling great full of ambition and ready for work or play. It's harmless, pleasant and safe to give children; they like it.

BOY REPRIMANDED FOR RIDING ON SIDEWALK

Peace Talks, Too! "Here, here, gent!" admonished the landlord of the Center Hill tavern, addressing the prominent citizens assembled around the stove. You'll have to cut this out, I don't mind a little war talk occasionally, but I draw the line at peace discussions—they break up the furniture.
